COMPETITOR BULLETIN 3 issued on 7th June 2018

Class Merges

The following classes have been merged;

- Class 1 has been merged with Class 2
- Class 8 has been merged with Class 9

Police

Two police cars have been assigned to the event. While they are here to help with the smooth running of the rally they will book you if you break the traffic laws.

OK boards

If you stop on stage place them prominently on your car so other competitors can be assured, you are ok. If an OK is not displayed we have no choice but to stop the rally until we are assured you are OK.

Major incident

Stop at accident. Call the emergency phone number. Secure the scene. Make sure you do not become part of the accident.

Do not attempt to remove occupants of the vehicle, unless there is a life-threatening danger to them, as you may cause more serious injuries to the casualties.

Retirement

The Retirement Phone Number is listed in the Road Book. If you retire, please stay with your vehicle until the Sweeper/Car Accountability vehicle picks up your time card. If you retire on stage but are leaving at a location other than the start, please leave your time card with the marshal at the location.

Time Card Queries

If you have a query – circle YES at the appropriate place on the card and write clearly your query on the back of the card.

Be sure you sort out the query before you leave service and don't leave it to the end of the rally.

Service Area

You must park as instructed by the marshals in the service. Do not obstruct any access entrance.

Everyone **must** use a ground sheet to service on.

Rubbish

Don't give rallying and NADMC a bad name. Collect all rubbish around your service area, put in a black bag and take home.

Recovery from stages

There will be no recovery from any stage until event over so please don't ask stage commanders or officials to let you into stages.

If your car stops on a stage and a marshal or official tells you not to move the vehicle, **then don't move it.**

Driving standards

Remember we depend on the good will of residents and the public to ensure our sport runs.

Drive with care and consideration on all road sections.

Drive slowly from road in to stage starts – No tyre warming

There may be lots of spectator traffic so Slow down!

Road section time

There is plenty of road section time so there's no need for speeding. Club officials will be patrolling all road section and have the power to exclude competitors for poor driving standards.

Final Regroup

This is to get first, second and third places in order for the finish ramp.

Be polite to marshals

Remember, they have given their time freely so that you can have a safe and enjoyable rally.

Post event Scrutiny

Five cars may be selected for post event scrutiny.

Parc Fermé at Mourne Country Hotel

Parc Fermé is until 6.00pm
